

Null Vector beta

**DESIGN BY:**

Carlotta de Bevilacqua , Laura Pessoni

MATERIALS:**DESCRIPTION:**

Null Vector displays a full combination of optical and mechanical performance. The aluminium body is both a structural and an optical component for light emission control. The whole structure is generated from an escalating growth of an individual punching and cutting mould, designed in the two versions alfa and beta. This matrix is characterized by a punch pattern with three functions - luminous, perceptive, and mechanical. While, on one hand, it is the result of a well-calculated study of light emission in space, translated into a graphic element supporting perception, on the other it derives from surpassing the limits of the material's processing technology. The optical system with an energy-saving light source with E14 connection also includes a texturized glazed diffuser, which ensures uniform lighting. The multi-faceted punched structure generates a magic lighting effect evoking the product's simplicity and lightweight in all the available finishes.

SELECTLED blue **PRODUCT CODE**

0941050A

Light emission20 **TECHNICAL DATA SHEET****FEATURES**

Product name: Null Vector beta
Article Code: 0941050A
Colour: blue
Series: Design

DIMENSIONS

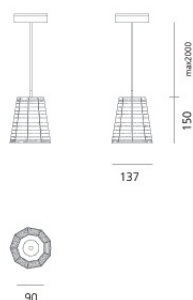

Length: cm 13.7
Height: cm 15
Depth: cm 13.7
Max Height from ceiling: cm 200
Impact Resistance: N/D
Glow Wire Test: 750°C °

LAMPS INCLUDED

Category: LED
Watt: 6W
Typology: 1
Color temperature (K): 3000K
Class: A

LUMINAIR

Watt: 6W
Voltage: 230V

DIMENSIONS**COLOUR**

Null Vector alfa
